RTLED - LED Floor

LED floor is a LED display that can put on ground to show images and videos, people can walk, dance, jump on the LED display. It mainly used for wedding, stage, event, club, shopping mall.

INTERACTIVE FUNCTION

We have common floor LED display and interactive floor led display two types. When walk on interactive LED floor, the video will change accordingly.

STANDARD SIZE

LED floor has 500x500mm and 500x1000mm two standard size, they are easy to splice to different floor size and shapes.

HIGH WATERPROOF LEVEL

Floor LED display waterproof level is up to IP65, it can be used in outdoor rainy days and snowy days. There is acrylic board on the surface to protect led lamps and be water resistant.

BIG WEIGHT CAPACITY

With 1300KG weight per square meters, you can walk, jump, run and dance on floor LED screen, even drive on it. It is suitable for wedding, party, night club, car exhibition etc.

NON-SLIP ACRYLIC MASK

We use non-slip acrylic mask on the LED module surface, it can protect LED lamps not be damaged, and guarantee people's safety.
